

2019 Europe Conference Announcement

Hosted by Local
operator
TBC

8th to 10th May 2019
Madrid, Spain

Join us in Madrid in May 2019 for our annual conference

As we are finalising the details with our speakers, we suggest that you reserve the dates already in your agenda.

The participants of our 2 days event will consist of global representation from operators and service providers who come and share their experience with the audience. This year's main themes will be around User Experience including end-user feedback, society challenges and Innovation as well as new trends in the industry through a number of initiatives.

Highlights covered in this year's agenda:

- Usability challenges and opportunities
- Getting feedback from the end-users themselves
- How are we shaping the future from today's decisions

Key figures from our 2017 conference:

Hosted in
Rome, Italy

48
attendees

■ Operators ■ Vendors ■ Consultants
